

WiE 2020 FORUM CIGRE Women in Engineering

The 4th CIGRE Women in Engineering Forum will be held on 28 August 2020 during the **CIGRE e-session**.

The aim of this forum is to inspire women engineers to take active participation within CIGRE activities.

Under the Theme:

“ Embracing Change, overcoming barriers ”

The 2020 e-session seeks to divulge on the importance of diversity and how to embrace diversity from both leadership point of view, to those who need to step up and acknowledge what the change brings.

The need to have discussions and practical solutions around inclusion and retention of women in the engineering sector remains relevant and will form part of this 2020 seating.

Come and find out more on how to be actively involved while networking with world thought leaders.
